

SOCIAL CARE ECHO (Northern Ireland Social Care Council ECHO Knowledge Network)

22 January 2021; 10-11:30am

Meeting ID: 557 934 0876 Passcode: 450822

The 'Northern Ireland Social Care Council ECHO Knowledge Network' Hub would like to invite **Domiciliary Care/Support Managers and Supervisors, which includes those providing/working in Supported Living services**, to join the virtual session scheduled for 22 January 2021; see agenda below.

The theme for this session is **Positive Mental Health and Wellbeing of people supported during COVID-19** which will be especially relevant during these exceptional circumstances due to the pandemic.

Presentations and Case Studies will be provided by Provider organisations, who will share their experiences.

Additionally, the Social Care Council will present linking **Standards for Social Care Workers** to this theme and to other aspects of the Domiciliary Care/Support role.

This ECHO session will also provide an opportunity for mutual sharing as part of the '**COVID-19 Update**' section and there will be discussion regarding the **uptake of staff vaccinations by Domiciliary, including Supported Living, staff**.

If you have not previously registered for the Northern Ireland Social Care Council ECHO Knowledge Network, please do so by close of play on Wednesday 20 January 2021.

Thank you.

Regards,

Paul Rooney, Mervyn Bothwell, Meta Keenan, Joy Peters, Alistair Fitzsimons, Pat Smyth and Julie Dickenson.
