■ Independent

■ Statutory

Register Trend

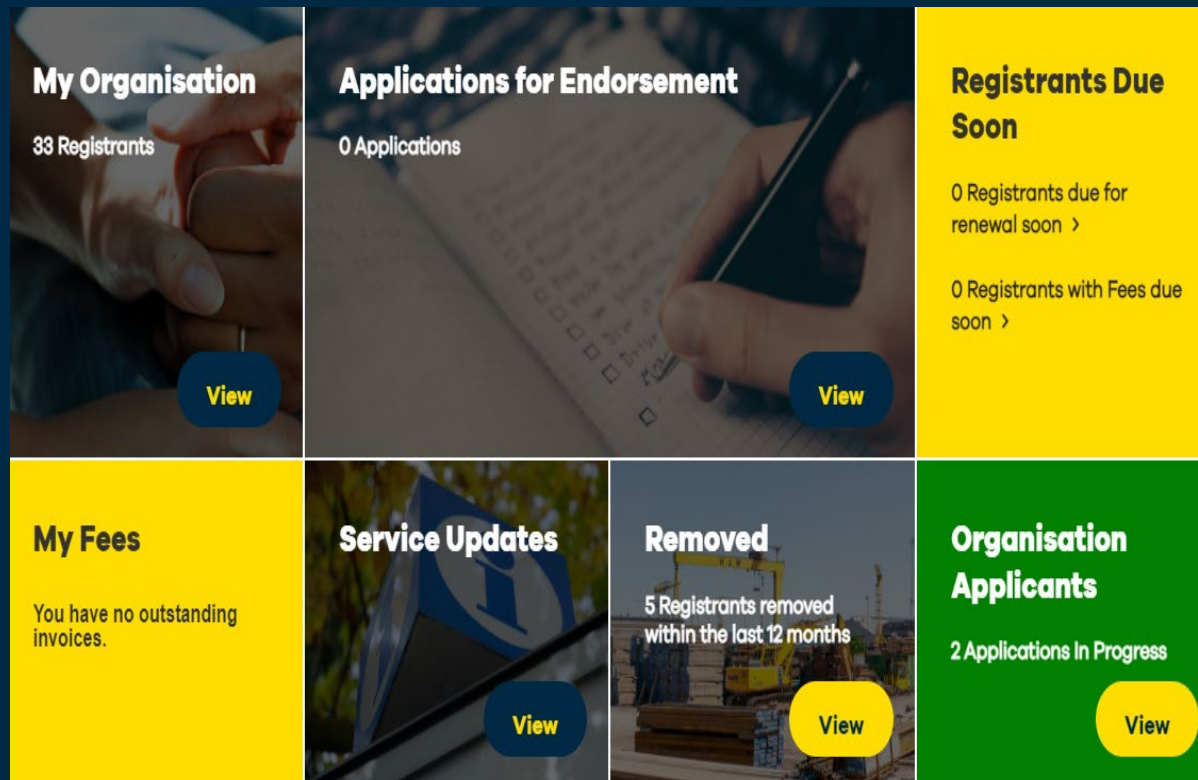

Maintaining Registration

- An annual fee will be payable each year on the anniversary of date of registration
- Reminder emails will be sent in advance of payment date
- Payments can be made via online account or by telephone
- Registrants will 'renew' their registration at year 3 or at year 5
 - This requires a short renewal form to be submitted with accompanying annual fee
- Registrants removed for non-payment/renewal will receive a **RE-reg** link to be restored to the Register in their notification of removal

Employer Portal

- Status of staff applications
- Staff registered
- Staff removed
- Staff due to pay annual fee or renew

The dashboard is a grid of eight tiles, each with a background image and a dark overlay containing text and a 'View' button.

How our Data and Intelligence informs Social Care

Supporting the system

Collaborating to inform policy and service development

Social Care Compact

Connecting government
and the independent social
care sector

Workforce data and intelligence

Building and sharing
expert knowledge

Regulatory excellence

Embedding collaboration
with the regulation and
quality improvement
authority (RQIA) and other
workforce regulators

Ensuring our engagement, is your engagement

Developing our engagement approach with registered social workers and registered social care workers

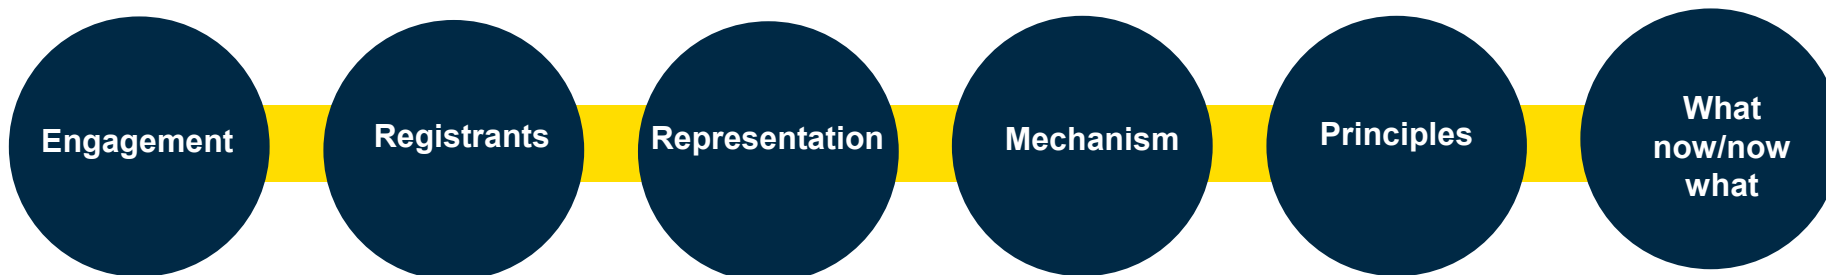

We understand that we can only succeed if we truly represent the registrants we support and that to do this we will need to seek the views of, and engage with, all those affected by or interested in the work that we do.

Recognising the learning from our past

Why we needed to engage with registrants

Understanding how to engage better now and in the future

Helping us better shape our partnership working with registrants

Thank you for listening!

Working together. Making a difference.
