Introduction from Mr Jim Perry, Chair of NISCC

The Northern Ireland Social Care Council (NISCC) is the regulator for the social care workforce in Northern Ireland. Our role is to raise the quality of social work and social care practice; to strengthen safeguards to protect people using services and to increase public confidence in the workforce. We do this by registering social workers, social care workers and social work students, regulating standards in their conduct and practice and promoting their continuing professional development.

The NISCC regulates the standards of education and training for the social work profession in NI at both Degree and post qualifying level. This includes setting standards and approving courses for the Honours Degree in Social Work.

The Degree is the recognised professional qualification for social workers, probation officers and education welfare officers in Northern Ireland. The Northern Ireland Degree in Social Work Partnership is an association of education institutions and statutory and voluntary employing agencies. Its main purpose is to ensure regional consistency in the development and delivery of agreed aspects of the Degree in line with NISCC standards.

The Partnership’s role is to facilitate regional approaches, protocols and procedures in areas such as student selection, practice learning, course content and other matters identified and agreed by the Degree Partnership, course providers and NISCC. This promotes regional consistency and makes best use of resources.

The Partnership promotes continuous improvement of course delivery to ensure that it remains fit for purpose, working with NISCC, academic institutions and employers across all sectors to put in place mechanisms so that key developments in social work practice inform curriculum delivery. It also seeks to ensure that formal and systematic input and feedback from service users, carers and students informs the delivery and development of key aspects of the Degree.

The Chair is responsible for leading the Degree Partnership, and for ensuring that it successfully discharges its responsibilities as set out in the Rules for the Approval of the Degree in Social Work (the Rules).

We are looking for a qualified social worker with leadership and motivation skills. The role of Partnership Chair demands an ability to inspire a shared purpose and encourage a group of individuals from a number of organisations and institutions to collaborate to produce agreed solutions. The Chair will also need an understanding of good governance systems and demonstrate a commitment to promoting member involvement in governance.

If you have the enthusiasm, vision, and commitment to lead a partnership of social work employers, education institutions, and other key stakeholders including service users and carers, to contribute effectively towards excellence in social work training standards for the Degree in Social Work in Northern Ireland, we look forward to hearing from you.
Yours sincerely,

Jim Perry

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

Integrity
Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

Objectivity
In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability
Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

Openness
Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

Honesty
Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interests.

Leadership
Holders of public office should promote and support these principles by leadership and example.
