

CLAIM YOUR PiP CREDITS TODAY

(Gain credits for reflection and impact -reflection on learning and subsequent application of learning)

The attached template has been designed to enable you to note your reflections from today's learning activity and to plan how you might apply the learning to practice. Transfer this record onto NISCC online to claim your credit

Name:

Date of learning activity:

Number of hours taken to complete:

Learning through reading:

Learning through research:

Service Improvement:

Training Course:

Other:

Please provide a brief description of the learning activity:

A. Reflect on how the activity contributed to your development

- CPD activity should ideally be linked to learning objectives, either agreed as part of your personal development plan (PDP) or those that you have considered desirable for your own development.
- Reflect how the activity contributed to the development of your knowledge, skills or attitudes
- Reflection should occur as soon as possible following the event
- What was the learning need or objective that was addressed?
- What aspects of your current practice were reinforced by this activity?

Credits claimed : _____

Remember to discuss your plans on implementing your learning with your Line Manager/Professional Supervisor as part of Line Manager Verification.

- B.** How you intend to apply what you have learned into practice? How you will be able to do this? Impact usually occurs sometime after the event today you can make a note of your intended actions

How do you plan to implement this learning? What outcome do you hope to achieve from this implementation?

Impact relates to the demonstration of implementation of learning on:

- Service users/carers and/or
- The individual service and/or
- Others
- How have your knowledge, skills and attitudes changed?
- Have you identified any skills, attitude and knowledge gaps?
- How will your current practice change as a consequence of your learning from this activity?

Credits claimed : _____
